# Why choose CrewPass?

THE NEW GOLD STANDARD  
FOR MARINE RECRUITMENT

CrewPass enables crew agencies to instantly search the background history of every crew member who passes through their system.

Our CrewPass Approved Accreditation is the global equivalent to an Enhanced DBS check in the UK. We conduct the most advanced criminal background searches on every crew member, ensuring a safer environment on board for owners, their guests and crew.

**Simple:** Integrate CrewPass checks seamlessly into your daily operations

**Secure:** Checks are conducted on each individual to the highest possible level

**Smart:** Advertise to clients that the crew you place have passed the most advanced background checks possible

**Once:** All crew members only need to be checked once, which can be shared with everyone. Removing the need for all agencies and employers to conduct individual checks

CrewPass is completely FREE for agencies to use

# Integration

We provide 3 easy ways for you to integrate CrewPass checks into your daily operations:

## 1 Website integration: Effortless vetting & control

Our website widget can be inserted into your sign-up process, asking crew members to enter their CrewPass Unique ID and password. This will return either an approved or declined status, which can be marked against the crew member's profile for your records. Effortless.

## 2 Website login: There when you need it

The website portal allows your team to enter a crew member's Unique ID and have instant visibility on their CrewPass status. You also have access to previous searches if you need to double check.

## 3 Mobile app: For those on-the-go moments

We've created a mobile app that gives you all the features available in the website portal for those on-the-go moments.

# Website Integration

SEAMLESSLY INTEGRATE  
CREWPASS INTO YOUR SIGN UP

Placing our button into your sign-up process allows the crew member to instantly validate their status with you. This removes any need for your staff to request this from the crew member. This secure connection returns to you the following information from CrewPass, Name, Email, CrewPass Unique ID and CrewPass status. This information can be cross-referenced in your system to ensure security. Our integration is free, and full support will be provided.

The screenshot shows a web browser window with two tabs: 'Recruitment Agency' and 'CrewPass'. The browser address bar is empty. The page title is 'Crew Agency - Sign Up'. The form contains the following fields:

- First Name (input field)
- Last Name (input field)
- Email (input field)
- Contact Number (input field)
- Password (input field)

Below the form, there is a message: 'Please verify your identity and background history using CrewPass.' Below this message is a blue button with the CrewPass logo and the text 'Approve with CrewPass'. Below the button is a link: 'Don't have CrewPass? Sign Up Now!'.
